

**BIDDER'S CERTIFICATION FORM – LEGISLATIVE AND SAFETY REQUIREMENTS  
FOR  
MANITOBA INFRASTRUCTURE AND TRANSPORTATION  
ENGINEERING AND OPERATIONS DIVISION**

\_\_\_\_\_ (Name of Bidder) declares and certifies that, in bidding on the work for  
Project/Tender # \_\_\_\_\_:

**Trades**

1. It will abide by all the applicable requirements of *The Apprenticeship and Certification Act* and the regulations thereunder.
2. Without limiting the generality of Item 1 above,
  - a. it will abide by the compulsory certification trade requirements as set out in *The Apprenticeship and Certification Act* and the applicable trade regulations under that Act; and
  - b. it will abide by supervision ratios as set out in applicable trade regulations under *The Apprenticeship and Certification Act* and under *The Construction Industry Wages Act*.

For a list of trades, including compulsory certification trades and supervision ratios, please refer to the Government of Manitoba's website at [www.gov.mb.ca](http://www.gov.mb.ca).

**Employment Standards and Wage Rates**

1. It will abide by all the applicable requirements of *The Employment Standards Code* and *The Construction Industry Wages Act* and regulations thereunder.
2. If requested by Government of Manitoba it will, prior to approval of an award of contract, provide Government of Manitoba with a signed copy of the minimum wage rates applicable to the works described in this Tender.
3. If awarded the contract, it will post a copy of the applicable minimum wage rates in a conspicuous place at the work site.

**Workplace Safety and Health**

1. It will comply with all applicable requirements of *The Workplace Safety and Health Act* and regulations thereunder.
2. Where the contract award value for the Project is \$100,000 or greater:

- a. Bidders with employees working on the Project must have a valid and current COR™, SECOR™ certificate or evidence of equivalency issued in accordance with the Canadian Federation of Construction Safety Associations COR™ program and verified by either the Manitoba Heavy Construction Association Work Safely Program or by the Construction Safety Association of Manitoba to work on the Project.
  - b. Subcontractors are not required to declare status in a safety program, until January 1, 2012.
  - c. Beginning January 1, 2012, subcontractors with employees working on the Project must show safety program registration or evidence of equivalency verified by either the Manitoba Heavy Construction Association Work Safely Program or by the Construction Safety Association of Manitoba.
3. Beginning January 1, 2014, and regardless of project value, all Bidders and Subcontractors (with employees working on the Project) must have a valid and current COR™ or SECOR™ certificate, or evidence of equivalency issued in accordance with the Canadian Federation of Construction Safety Associations COR™ program and verified by either the Manitoba Heavy Construction Association Work Safely Program or by the Construction Safety Association of Manitoba to work on the Project.

The Bidder understands that the consequences of making an untrue statement in its Bid, or of not complying with the requirements of this Tender or failing to produce evidence satisfactory to Government of Manitoba regarding this Certification may include the forfeiture of any bid security, disqualification of the Bidder from participating in future tenders and/or the termination of the Contract.

If subcontractors are retained by the Bidder, it will ensure that its subcontractors will provide this same certification to Government of Manitoba before the subcontractor begins work on the Project.

In witness whereof, the Bidder has signed this Certification on the date noted below:
