Safe Work Procedure:

- 1) Management will supply a clean, up to date, proper fitting and effective eye protection
- 2) Management will ensure adequate training for the maintenance, use and care
- 3) All employees are required to wear the approved eye protection when working or walking through any worksite. The only exception is operators while seated in the cab of the equipment and office staff
- 4) All employees are responsible for ensuring that it is appropriate for the hazards, worn properly and in good condition and not to be altered in any way
- 5) All workers are responsible for ensuring that the safety glasses are with them all day each day.
- 6) It is the responsibility of the worker to turn in old and worn out glasses for new ones as needed
- 7) Full face shields or goggles will be used when the work at hand requires maximum eye protection
- 8) Workers engaged in welding are required to use a full welder's face shield
- 9) Workers who are cutting or burning metals are required to wear goggles with the appropriate darkened lens

If an emergency situation occurs while conducting this task, or there is an equipment malfunction, engage the emergency stop and follow the lock out procedure
