

Locate Delays in Manitoba

There is high volume of locate requests across Manitoba this year and unfortunately, significant locate delays are affecting the integrity of the damage-prevention process.

Progress is being made

With additional resources dispatched by utility owners to relieve the locate backlog, we are seeing improvement. At the current pace, we expect to return to normal operating expectations in 3 – 4 weeks.

Also, an escalation process has been initiated with ClickBeforeYouDigMB.com to address outstanding locates. If your locate is 14 days past due, please email info@clickbeforeyoudigmb.com with your ticket number to initiate the escalation process.

We apologize for these delays. We know the situation is critical and like you, we want it rectified as soon as possible. For further clarification, please contact jackie.jones@mbcommongroundalliance.com.

Thank you,
