

**MINISTER
OF INFRASTRUCTURE**

Room 203
Legislative Building
Winnipeg, Manitoba CANADA
R3C 0V8

It is with great sadness that on behalf of Premier Kelvin Goertzen and the Government of Manitoba we announce the sudden passing of Assistant Deputy Minister of Manitoba Infrastructure, Ruth Eden. It is with a heavy heart that we must say goodbye to a beloved member of our staff. Ruth Eden, joined the department of Manitoba Infrastructure in 1988 and has served as Director, Executive Director of Structures and Assistant Deputy Minister of MI's Technical Services and Operations division. She has been involved in the design and construction of bridges and structures throughout the Province for over thirty years. Ruth was also the President for Engineers and Geoscientists Manitoba and a member of the 30 by 30 Task Force. She was always a joy to work with and has guided the department throughout the years with her knowledge and insight. We send deepest condolences to her family, friends and colleagues as she will be sorely missed. Her dedication to her work can be seen throughout the province and she leaves a lasting legacy through the many lives she touched. As Minister, I know I speak for all of Manitoba Infrastructure that Ruth Eden will be sadly missed but fondly remembered.

Honourable Ron R. Schuler
Minister of Infrastructure
